I am not sure if it was the oils, but I used pomace olive oil, a good quality palm oil and coconut oil. It is hard to imagine that the Romans would not have investigated these extraordinary phenomena, documented it in their written accounts, and perhaps have tried to determine if Jesus or his methods could be used to solve some of the problems of the empire.

The teeming population of Manhattan bring together a magnificent mix of hum

Flin - in their description of the life and work of Silberstein, who was quite sceptic on the significance of the observational verifications a la Eddington - include the transcription of two most revealing letters by Silberstein to Sommerfeld and to Einstein In the first letter, Silberstein clearly shows his scientific maturity and integrity by scrutinising the observational evidence supporting light deflection, presented at a joint meeting of the Royal Society and the Royal Astronomical Society. When Batman finally arrived at the Asylum with Joker, he was horrified when he realized that even the Clown Prince's very suit and skin were also covered with the laughing powder, which caused two orderlies to immediately drop dead when they attempted to escort Joker to a cell.
